A Physician Talks.

THE REMARKABLE STORY AND AFFIDAVIT OF DR. LEWIS BLUNDIN.

Affleted with Paralysis for Twentyfive Years-A Case of World Wide Interest.

(From the Philadelphia Times.) Lewis D. Blundin was born in '41 at Lewis D. Blundin was born in '41 at Bridgewater, Pa., and is now a resident of Hulmeville same state. He went through the war as private, sergeant and hospital steward of Company C. 28th Pa. Volunteers. As a result of an attack of typhoid fever in Ga., his kidneys became affected and this finally developed into spinnl disease, which lasted through his army service. In '66 he was mustered out and entered Jeffersom Medical College, Phile., as a student from which he graduated two years later. The remainder of the story is best told in his own words: own words:

"One day, after I had graduated, I was lying on a sofa at my home in Manayunk, when I felt a cold sensation in my lower limbs as though the blood had suddenly left them. When I tried to move them I was horrified at the discovery that I was paralyzed from my hips to my toes. The paralyais was complete and a pin or a pinch of the flesh caused no pain. I could not move a muscle. I called in Dr. William C. Todd, of Philadelphia. He made an exhaustive examination of my case, and announced that my trouble was caused by inflamma-tion of the spinal cord, and that I would likely have another stroke of paralysis. I consulted Dr. I. W. Gross and Dr. Pancoust of Jefferson College, Philadelphia, and Dr. Morehouse, of Philadelphia with the same

"One day last September I decided to try Dr. Williams Pink Pills for Pale People. I had always been troubled with a sort of vertigo ufter my first stroke of paralysis to such an extent that when I got out of my bed my head would swim and I had diffibed my head would swim and I had diffi-culty in saving my cif from falling. My appetite was bad, digestive organs rained and no assimilation of food. In addition to my many other ailments, rheumatism held a prominent place. By the time I had finished the first box of Pink Pills I was comparatively free from these minor ills. First one all would disappear, then another until the rills got to work upon the foundauntil the pills got to work upon the foundation stones of my trouble—paratysis. Before I had taken the six boxes of pills, I was sitting in my chair and one afternoon, when felt a curious sensation in my left foot. Upon investigation I found it had flexed, or in other words, become movable, and I could move it. From that time on my improvement was steady and it was not long before I was walking around on crutches with little or no discomfort. It was three years before taking the Pink Pills that I had been able to use the crutches at any time; and I feel sure that Pink Pills have done me more good than all the doctors and all the medicine in the country and as they are not costly I can easily afford the treatment,"
Sworn to before me this 15th day of May,
1803. GEORGE HARRISON, Not. Public.

A Ruling Passion.

"Do you not love to wander in the rich warmth that comes when autumn forgets to be cold and hursh?" she said, gently.

"Yes," was the reply. "I am very fond of wandering. Don't you enjoy it yourself?"

"Devotedly." "You cannot put me against any pastime," he went on, with measured enthusiasm-for she was a nice girl and he wanted to be agreeable-"that suits my nature more completely than wandering. Why, would you believe it, I was sick in bed once; so sick that I couldn't get out and wander."

"Yes, yes; you lay there and pined for the scented woods and the blossoming fields."

"No. It was worse than that. Even though I couldn't get out of bed myself-"

"Yes?" "My mind wandered."-Washington Star.
